

PED Blue

The PED Blue is a high quality personal dosimeter, featuring the same design and features as the PED-IS, in a lighter weight, non-IS model. The device can be charged with a direct micro USB connection, giving greater flexibility and removing the need for a charging dock. The PED Blue can also be configured to use either 2 or 4 dose alarm levels, this is customisable through free of charge DoseVision™ software.

The benefits of using the PED Blue are:

- Robust and easy to use.
- Direct micro USB connection for greater flexibility.
- Large, clear, easy to read display.
- Lighter weight - suited to more applications.
- DoseVision™ software - supplied free of charge.
- IP67 rated.
- Simple one button operation.

The PED Blue is suitable for:

- Emergency Services & First Responders (CBRNe)
- Medical & Life Sciences
- Nuclear
- NDT
- Industrial
- Oil and Gas Safe Zones.
